

Renovation Of The Nkawkaw Sports Stadium

NSA and MBDA have Finalized Arrangements to Renovate the Nkawkaw Stadium, Which For over decades has not had any face-lift.

NSA Boss, Prof Peter Twumasi (first from right) with CEO of MBDA, Hon. Joe Danquah(Middle) and other technical Stakeholders

Written by PR Department, NSA | Wednesday, 12th August 2020

On 12th August 2020, The Director-General of National Sports Authority, Prof. Peter Twumasi joined his colleague CEO from Middle Belt Development Authority, Hon Joe Danquah, to carry out a technical assessment of the Nkawkaw Stadium to pave way for the sod-cutting to renovate the stadium which has been abandoned for over two decades. This forms part of the Government's extensive sports infrastructure development with 10 new stadiums nearing completion.

The renovation work at Nkawkaw will include construction of a FIFA standard pitch, Olympic standard 8-lanes athletic oval (tartan tracks), multipurpose courts, spectator stands, dressing rooms and offices will be funded by the Middle Belt Development Authority from Government's One Million Dollar per constituency fund.

It is expected that the Minister of Youth and Sports, Hon Isaac Asiamah, after

receiving the technical report will lead to cut sod for the project to take off within next three weeks.

Also present for the technical assessment of the site which turned out to be favourable place for the project included NSA Eastern Regional Director, Mrs Gifty Fianu, Deputy CEO of MBDA, Lawyer Joyce Boateng, and Managing Director of Green grass Technology Mr Frank Boahen.

PROF. TWUMASI INSPECTS ACCRA SPORTS STADIUM PITCH AHEAD OF NEW SEASON

Written by PR Department, NSA | Wednesday 5th August, 2020

The Director General of The National Sports Authority, Professor Peter Twumasi on Wednesday 5th August, 2020, inspected the pitch at the Accra Sports to ascertain its current condition and preparedness for future sporting activities. This is

in this era of covid-19 pandemic. He took the opportunity to reiterate his commitment

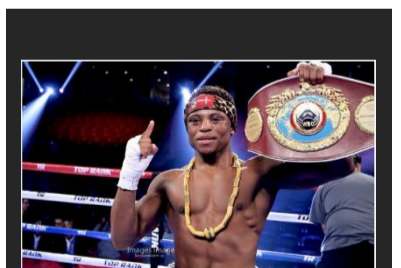

to ensuring that the pitch is always kept in a good shape. The Estate manager at the NSA, Mr. John Ebo Andorful in a brief interview stated that his team has been working tirelessly on all patches on the pitch to ensure that they are in good condition. He said that this has been going on since sporting activities was brought to a halt as a result of the Covid-19 pandemic.

Mr. Ebo further assured the sporting fraternity that the Accra Sports Stadium pitch will soon be ready for any sporting event, as

His Excellency President Akufo-Addo in his last address gave the green light for the Female National U17 and U20 teams to prepare for their respective qualifying games.

The Accra Sports Stadium saw a major facelift after its renovation in 2018 to host the Africa Women's Championship.

The National Sports Authority (NSA) congratulates Isaac "Royal Storm" Dogboe for winning his debut bout in the featherweight division by defeating Chris Alvalos on Tuesday, 21st July, 2020

Some Scenes From the visit to the Nkawkaw Sports Stadium

GHANA SCIENCE ASSOCIATION, COS-KNUST HOLDS WEBINAR CONFERENCE WITH NSA

Written by PR Department, NSA | Tuesday 28th July, 2020

The Ghana Science Association (GSA) in collaboration with the College of Sciences (CoS-KNUST) and the National Sports Authority (NSA) on Tuesday 28th July, 2020, held a virtual conference dubbed “GSA Webinar/ 9th GSA Research Seminar and Poster Presentations”.

The theme for the conference is “using science, technology and innovation in the current pandemic and beyond”. The objective of the conference is to instruct, learn and share findings on how to use science and technology in an innovative way.

The Director General of the National Sports Authority, Professor Peter Twumasi in his remarks as the Guest of Honour for the Conference commended the GSA for the initiative. He also stated that the most significant problem with scientific research across the globe is the application of the research and its findings.

He further added that most equipment and tools used especially in sports can be locally produced with environmentally friendly resources. Professor Twumasi in his closing remarks, urged all science and technology experts not to be limited in the provision of intellectual properties, but also expose their

finished products to the market for patronization.

Mr. Jeffrey M. Owusu of the Technical Department of the NSA, presented a paper on “Preventive Solutions in Public Gatherings and Sporting Activities”.

NSA Boss Pays a Working Visit to Two female National Teams

On Friday August 14, 2020, The Director-General of National Sports Authority, Prof Peter Twumasi paid a working visit to the Cape Coast Stadium to assess readiness of the facility to receive our two female National Teams, U17 (Black Maidens) and U20 (Black Princess),

who have just reported to camp.

The Ag. Central Regional Director of National Sports Authority (NSA), Mr. Alexander Ofori Tiekue, and his staff have risen to the occasion by ensuring that the pitches for training as well as accommodation for the teams are in perfect condition.

On behalf of the Ministry of Youth and Sports (Government), he made advance payments for their feeding and accommodation to ensure smooth camping of the two teams. The COVID-19 Medical Team has also screened all members of the team.

NSA CONGRATULATES ISAAC DOGBOE

Written by PR Department, NSA | Thursday, 23rd July, 2020

The National Sports Authority (NSA) congratulates Isaac “Royal Storm” Dogboe for winning his debut bout in the featherweight division by defeating Chris Alvalos on Tuesday, 21st July, 2020. His display of tenacity and courage has once again brought honour and glory to mother Ghana and as such should be commended for emerging victorious.

We at the NSA will continue to support the promotion and development of boxing in Ghana. We have no doubts in our minds that this victory will spur him on to win more laurels in future. We say “ayekoo” to you and wish you well in all your endeavors.
